

To Whom It May Concern:

It has come to my attention that CKS Wireless, in Jacksonville, Texas is applying for stimulus funds through the American Recovery and Reinvestment Act. CKS Wireless is based in Cherokee County and the stimulus dollars will be used for expanded service offerings in Cherokee County and many of the surrounding areas.

It would be advantageous for the residents and businesses of this rural Texas area to have more available access to the outside world via the Internet. I have worked with CKS Wireless and feel they offer an outstanding product; they are owned and operated by local citizens who are constantly working to better our community.

I would appreciate your favorable consideration of their stimulus request.

Sincerely,
